

Julho de 2021  
V Congresso Internacional de Linguística Histórica  
**Constelações Diacrônicas**  
*em homenagem a Charlotte Galves e Mary Kato*

July 19–24, 2021 - online

***FIFTH CIRCULAR LETTER***

The organizing committee of the V International Conference on Philology and Diachronic Linguistics: Diachronic Constellations (V CILH), in honor of Professors Charlotte Galves and Mary Kato, welcomes all those registered for the event and informs the following.

1. To consult the **detailed program** of the Conference: log into the Even3 platform (<https://www.even3.com.br/vcilh2021/>), and then click on the “Programação” link. Alternatively, the Program can be downloaded (except for the short courses) at <https://www2.iel.unicamp.br/v-cilh/programacao-detalhada/>
2. To **participate in the event's activities, either as a presenter or as a spectator**: you must log in to the event's auxiliary website through the email in which you registered, by visiting (<https://www.even3.com.br/vcilh2021/>) > LOGIN > Event Transmission > “Transmission” and select the activity listed in the Program.
3. To **participate in sessions with oral presentations**: we will use rooms in the ZOOM app, which will be available for entry (via the path indicated above) at least 10 minutes before the session starts. We therefore ask all attendees, and especially presenters, to install and/or update ZOOM (by downloading it again) as soon as possible and prior to the event.
  - **How the work presentation sessions will be organized**: The presentations of papers should be presented in 20 minutes each, and, at the end of the session, up to 10 minutes should be allocated to the discussion on each one of the works, in the order in which they were presented. In the case of co-authored works, up to 3 people

can present, remembering not to exceed the established time limit. On the other hand, poster presenters will have 5 minutes for give a summary of their content (with or without presentation of the poster PDF) and, at the end, 30 minutes of discussion will be allocated to presenters, who will be available for interaction in simultaneous rooms inside the ZOOM meeting room.

- **Recommendations for presenters:** please test screen sharing before the event, as the slides must be controlled by the presenter himself. Arrive at the virtual room 10 minutes in advance to check the audio and video features.

- **Recommendations for spectators:** when joining the ZOOM rooms, make sure you are identified with first and last name. Monitors may request correction of the name if it appears in an unclear manner. Do not start audio or video except when asking questions. If you want to ask a question, write in the chat “Question”, so that the mediator can give you the floor.

- Where to **consult the virtual posters:** visit the event's official website, through the link <https://www2.iel.unicamp.br/v-cilh/posteres/>

4. To **participate in plenary sessions** (solemn sessions, homage sessions, and lectures): in this case, the participants will not be redirected to ZOOM, but to the Youtube channel of the V CILH mirrored on the Even3 platform. It is important to remember that, to make comments and questions, the participant must be logged in to the event, following the steps described in item 2, as the chat on the YouTube channel will not be enabled.

- Exceptionally, these activities will have simultaneous interpretation (Portuguese-English). Only participants who need simultaneous interpretation in Portuguese (for lectures in English) or in English must access the Zoom room via Even3, whose capacity is limited to 250 participants.

5. To **obtain a certificate as an audit participant:** if you are not presenting a paper, you must participate in at least 6 (six) activities in the event in order to get the certificate of attendance (except short courses, which will have their own certificate). The frequency is registered by the Even3 Platform automatically, as soon as the participant accesses the respective activities. If you want to guarantee attendance, you can pre-register for the activities by previously clicking on the desired activity items in the menu “Inscrição”, but this is not necessary to participate.

6. About **publication opportunities related to the event**: The V CILH will provide opportunities for publications of selected works in scientific journals and thematic books, whose complete list is available at: <https://www2.iel.unicamp.br/v-cilh/publicacoes-previstas/>.

7. In case of doubts about the Even3 platform or Zoom: consult the tutorials at: <https://www2.iel.unicamp.br/v-cilh/instrucoes-para-participantes/>.

8. In case of technical difficulties during the event: contact the help desk through the email: [suportevcilh@gmail.com](mailto:suportevcilh@gmail.com)

We look forward to seeing you from the 19th of July onwards! Have a nice conference!
